“GLASS MOSAICS FOR
WALLS AND FLOORS,”

lifestyle decorations

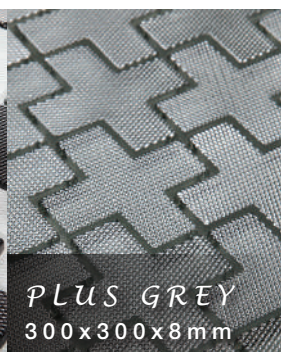

Timeless hues.

Incredible richness.

Unmistakable beauty.

Vetro+One glass mosaics bring a stunning look to your tiled spaces, making every square inch of your décor unique. With an impressive anti-slip rating of R10 by the laboratories of Italy and P1 wet Pendulum rating, these 8-mm thick mosaics can even be installed on some indoor floors. From stylish hexagons to quirky quatrefoils, *Vetro+One* glass mosaics combine aesthetic personality with superior quality, making them the perfect choice for your décor.

FOGLIA BWG

322x271x8mm

Nature has always been a good source of inspiration. Foglia draws inspiration from the humble leaf for its pattern and the monochrome colours will suit modern interiors.

HEX BLACK

322x271x8mm

Named after the bees' nest, honeycomb patterns are made up of many hexagons laid side by side. Bees utilise this shape to maximise space but many will find comfort in the balance this pattern provides.

PLUS BLACK

300x300x8mm

One of the most agile yet simplistic patterns sweeping all the trends these days is the use of the Swiss cross pattern. We call it Plus.

PLUS GREY

300x300x8mm

Grey becomes the perfect partner to complement monochrome.
Consider using it as a feature paired with white on walls.

PLUS WHITE

300x300x8mm

Whether for the bathroom or kitchen, white has always been a favoured colour as it is often associated with cleanliness. White can come off as sterile but that can be easily overcome by adding some texture such as varying the shapes like this cross design.
